Virtual Site-Visit Agenda

4:00 PM Overview of the Certification Process

This opening session will provide a brief overview of what a Certification Process is to the public.

4:30 PM Open Public Discussion and Comments

The public, key TPO/MPO committee members, and special interest groups are invited to share their views on the transportation decision-making process being conducted in both metropolitan areas. The Federal team shall consider the public input received in arriving at a decision on a certification action.
