# 4. PlanRVA Staffing Needs- FY2024

Martha Shickle reported that PlanRVA has struggled to fill the RRTPO Director position vacated earlier this year by Chet Parsons (September 1). It was advertised as an administrator- and director-level position with minimal interest from eligible candidates. Two promising leads were found, but both candidates withdrew their applications due to different challenges associated with relocation to Richmond/Virginia.

It has become increasingly difficult to recruit senior-level positions with significant experience in transportation planning- the marketplace is highly competitive. To maintain the staffing needed to advance work in this year's Unified Planning Work Program and provide relief to staff who are carrying the workload of multiple positions, the plan is to pursue filling two additional planning positions this fiscal year. Filling these two positions, if approved, would greatly help staff in completing the work called for in the UPWP and help fill the gap in reduced billing (revenue) realized over the first half of the fiscal year. In anticipation of this request, a recruitment process for the two positions was opened and staff is ready to make an offer to the preferred candidate for one position, and are scheduling in-person interviews (2<sup>nd</sup> round) for the 2<sup>nd</sup> position. If the Executive Committee approves the positions this morning, proceed with these 2 recruitments.

A memo was included in the packet that offers a comparison of the cost of the positions originally included in the FY2024 budget and the cost of the positions reorganized and requested.

On motion by Cynthia Newbille, seconded by Steve McClung, the members of the PlanRVA Executive Committee voted unanimously to approve fulfillment of two new staff positions to be assigned to the Transportation Program area. Positions may be filled as soon as March 1, 2024.

# 5. Update: JLARC Report on K-12 Funding

Jim Ingle provided an update on the meeting that was held on K12 funding. A group has been appointed to study the JLARC report. Recommendations from the group are expected in November. Cynthia Newbille expressed her optimism that the region's representatives have been willing to come together to work toward a solution.

Martha Shickle reported that Natalie Spillman and Mike Schnurman have been providing updates on their monitoring activity in the General Assembly:

Delegate Simonds, with co-patrons Delegate Sullivan and Delegate Watts are carrying HJ67. This joint resolution: 'Establishes a joint committee consisting of five members of the House Committee on Education and three members of the Senate Committee on Education and Health to study fair school funding reform by, among other things, identifying and commissioning an independent firm with certain qualifications to produce an adequacy cost study on Virginia's K-12 public schools and utilizing the findings from such study, the recommendations from the Joint Legislative Audit and Review Commission in its July 2023 report, "Virginia's K-12 Funding Formula," and any stakeholder input and feedback received by the joint committee to produce and submit to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations by

November 1, 2025, a set of recommendations on transitioning Virginia's K-12 funding system to one that is student need-based.'

HJ67 reported unanimously from Rules and was rereferred to House Appropriations, Elementary & Secondary Education Subcommittee; members include Delegates Rasoul (Chair), Bulova, McQuinn, Sewell, Askew, Marshall, Coyner, Campbell and Torian.

This resolution is progressing but with new language (for the better). The House Appropriations, Elementary and Secondary Education subcommittee heard HJ67 and adopted substitute language on Monday. The new language looks to expedite the work of the joint Senate and House committee with a recommendation to come this year (Nov 2024) versus Nov 2025 – as stated in the original proposal. Based on the revised language, this would position the recommendation to come ahead of the next General Assembly session.

# Link to adopted substitute:

https://committees.lis.virginia.gov/subcommitteeaction.aspx?ses=241&bil=HJ0067

This passed unanimously from the sub, approval is expected from the full House Appropriations Committee.

Upcoming important dates:

- 2/13 Crossover (the halfway point during the session when all bills will be acted on by their body of origin)
- 2/18 'Budget Sunday' when the joint money committees will recommend their proposed budgets
- 3/9 Last day of session, Sine Die
- 4/17 Reconvene Session (aka Veto Session)

## 6. Adjournment

Chair Davis adjourned the meeting at 9:04 a.m.

# PlanRVA Leadership Development and Emergency Succession Plan

## 1. Rationale

Ensuring that the functions of the Executive Director are clear and documented among staff and governing entities is critical to safeguarding the organization in times of unplanned or unexpected change. Such risk management is also helpful in facilitating planned leaderships transitions.

This document provides a leadership development and emergency succession plan for PlanRVA. This plan provides guidance for PlanRVA's executive succession procedures and its commitment to sustaining a healthy functioning organization. PlanRVA's governing entity is the Richmond Regional Planning District Commission (the Commission). The purpose of this plan is to ensure that the organization's leadership has adequate information and a strategy to effectively manage PlanRVA in the event the Executive Director is unable to fulfill their duties.

## 2. Plan Implementation

The Commission authorizes the Commission Chair to implement the terms of this emergency succession plan in the event of a planned or unplanned temporary or short-term absence.

- It is the responsibility of the *Executive Director* to inform the Commission Chair of an unplanned temporary or short-term absence, and to plan accordingly.
- It is the responsibility of the *Director of Transportation* to immediately inform the Executive Director of an unplanned temporary or short-term absence. The Executive Director will notify the chairs of both the Richmond Regional Planning District Commission (RRTPO) and the Commission.
- It is the responsibility of the *Director of Regional Planning and GIS* and the *Planning Manager Environmental Program* to immediately inform the Executive Director of an unplanned temporary or short-term absence.
- It is the responsibility of the *Director of Finance* and the *Finance Manager* to immediately inform the Executive Director of an unplanned temporary or short-term absence.
- All other employees are responsible for notifying their immediate supervisor of an unplanned temporary or short-term absence.
- As soon as feasible, following notification of an unplanned temporary or short-term absence of the Executive Director, the Commission Chair shall convene an Executive Committee meeting to affirm the procedures prescribed in this plan, or to modify them if needed, at its discretion.

## 3. Priority Functions of the Executive Director at PlanRVA

The complete Executive Director position description (July, 2015) is attached to this plan. (See Appendix A).

Among the duties listed in the position description, the following are considered to be the key functions of the Executive Director and have a corresponding temporary staffing strategy (see Section #3 for further guidance about temporary staffing).

  - The Commission shall appoint a Transition Committee to develop and implement the organization's Executive Succession Plan.

#### PlanRVA Leadership Development and Emergency Succession Plan

#### 1. Rationale

Ensuring that the functions of the Executive Director are clear and documented among staff and governing entities is critical to safeguarding the organization in times of unplanned or unexpected change. Such risk management is also helpful in facilitating planned leadership transitions.

This document provides a leadership development and emergency succession plan for PlanRVA. This plan guides PlanRVA's executive succession procedures and commitment to sustaining a healthy functioning organization. PlanRVA's governing entity is the Richmond Regional Planning District Commission (the Commission). The purpose of this plan is to ensure that the organization's leadership has adequate information and a strategy to effectively manage PlanRVA if the Executive Director cannot fulfill their duties.

#### 2. Plan Implementation

The Commission authorizes the Commission Chair to implement the terms of this emergency succession plan in the event of a planned or unplanned temporary or short-term absence.

- It is the responsibility of the Executive Director to inform the Commission Chair of an
  unplanned temporary or short-term absence and to plan accordingly. The
  Commission Chair will notify the Richmond Regional Transportation Planning
  Organization Chair immediately.
- It is the responsibility of the *Director of Community Development Planning, Director of REME Planning, Director of Transportation Planning, and Director of Data and Technology* to immediately inform the Executive Director of an unplanned temporary or short-term absence.
- It is the responsibility of the *Director of Finance* and the *Manager of Finance and Administrator* to immediately inform the Executive Director of an unplanned temporary or short-term absence.
- All other employees are responsible for notifying their immediate supervisor of an unplanned temporary or short-term absence.
- As soon as feasible, following notification of an unplanned temporary or short-term absence of the Executive Director, the Commission Chair shall convene an Executive Committee meeting to affirm the procedures prescribed in this plan or to modify them if needed, at its discretion.

#### 3. Priority Functions of the Executive Director at PlanRVA

- An unplanned absence arises unexpectedly, unlike a planned leave, such as a vacation or a sabbatical.
- A temporary absence is between 15 and 30 days.
- A temporary short-term absence is between 30 and 90 days.

#### b. Temporary Staffing Strategy

- For temporary planned or unplanned absences of 30 or fewer days, the Temporary Staffing Strategy described above may become effective.
- In the event of a temporary short-term planned or unplanned absence for the *Executive Director*, the Commission Chair shall determine if the Temporary Staffing Strategy is sufficient for this period and make a recommendation to the Executive Committee.
- See Appendix B for the leadership team's temporary staffing strategy, which the Executive Director may amend as positions change.

#### c. Appointing an Interim Executive Director

Based on the anticipated duration of the absence, the anticipated return date, and accessibility of the current Executive Director, the Executive Committee may recommend the appointment of an Interim Executive Director to the Commission and continue to implement the Temporary Staffing Strategy. If applicable, the Commission will vote upon the recommended Interim Executive Director candidate.

# d. Standing Appointees to the Position of Interim Executive Director may include one of the following:

- The current Commission Chair. If the current Commission Chair accepts the position, they will take a temporary leave from the Commission.

  - The Commission shall appoint a Transition Committee to develop and implement the organization's Executive Succession Plan.
