Independent Auditor's Report

To the Commissioners
Richmond Regional Planning District Commission

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the aggregate remaining fund information of the Richmond Regional Planning District Commission, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Richmond Regional Planning District Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the aggregate remaining fund information of the Richmond Regional Planning District Commission as of June 30, 2019 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of changes in the net pension liability and related ratios, and the schedule of employer contributions on pages 4 through 10 and pages 43 through 45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

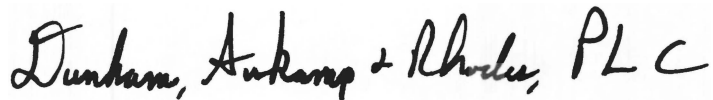

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Richmond Regional Planning District Commission's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November xx, 2019, on our consideration of the Richmond Regional Planning District Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Richmond Regional Planning District Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Richmond Regional Planning District Commission's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dunham, Ankamp & Rhodes, PLLC". The signature is written in a cursive, flowing style.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL STATEMENTS
FISCAL YEAR ENDING JUNE 30, 2019

Presented here is the Management Discussion and Analysis Report for the Richmond Regional Planning District Commission (the Regional Commission) for the fiscal year ending June 30, 2019. Responsibility for the accuracy of the data, and the completeness and fairness of this presentation (including all disclosures) rests with management of the Regional Commission. To the best of our knowledge and belief, the data contained herein is accurate in all material respects. These data are reported in a manner designed to fairly present the Regional Commission's financial position, and the result of operations of its various funds. All disclosures necessary to enable the reader to gain an accurate understanding of the Regional Commission's financial activities have been included.

The Executive Director and the Director of Finance, under the direction of the Chair of the Regional Commission, are responsible for establishing and implementing an accounting and internal control structure designed to ensure that the physical, data, informational, intellectual, and human resource assets are protected from loss, theft, and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Management also strives to ensure that all assets are put to good and effective use. Therefore, the internal control structure is designed to provide reasonable assurances that these objectives are attained.

The Regional Commission manages its resources in such a way as to provide services of value to its member jurisdictions. Income is shown in the budget at the amount expected to be received from member dues, the General Assembly's appropriation for Planning District Commissions, miscellaneous income, interest income, and the amounts that are reimbursable from grant funded sources and special assessments. In FY 2019, local membership dues covered approximately 22.15% of the total expenditures listed on page 9.

The Regional Commission manages a complex structure of funds. Some programs require matching funds while others do not. Some programs allow reimbursement for indirect expenses while others do not. Some programs provide restricted funding for designated activities while others provide unrestricted funds for activities to be determined by the Regional Commission and management.

The Regional Commission maintains insurance to protect from losses of assets from negligence, accident, theft, or fire. Policies for Fiscal Year 2019 were issued through the agency's insurance broker—Virginia Commonwealth Corporation. The underwriters of these policies are Travelers, Fidelity and Deposit Company of Maryland, and the Virginia Department of Treasury, Division of Risk Management. The policies are evaluated annually and are adjusted according to need, economics, and advice from insurance professionals.

The Regional Commission retains legal counsel and services with the law firm of Hefty Wiley & Gore, PC. The current retainer agreement is effective through December 31, 2019 renews automatically without cancellation.

The Regional Commission maintains a professional relationship with the accounting firm of Dunham, Aukamp and Rhodes, PLC. The contract for audit services has been open to competitive bidding several times. Because of costs and the relationship built with Dunham, Aukamp and Rhodes they have remained our auditor since 1998. The current engagement with Dunham, Aukamp and Rhodes expires following the completion of the audit for fiscal year 2021.

In 2018, the Regional Commission contracted with Warren Whitney to provide professional accounting and finance services, including serving in the role of Director of Finance in Fiscal Year 2019.

The Regional Commission participates in the Local Government Investment Pool (LGIP) managed by the Virginia Department of the Treasury, which provides member government entities an allowable investment vehicle with rates equaling or exceeding those offered by most commercial banks and liquidity in the event that funds are needed for current obligations. While the majority of funds are deposited with the LGIP, the Regional Commission maintains an operating banking account with SunTrust as well.

Capital Asset and Debt Administration

The capital assets in the governmental funds consist of computer equipment, furniture and building improvements.

Economic Factors, Rates, and Fiscal Year 2019 Budget

The Regional Commission serves the third largest planning district measured by population in the Commonwealth after the Northern Virginia Regional Commission and the Hampton Roads Planning District Commission. The Richmond Region is poised for further growth and to that end the Regional Commission is positioning itself to broaden the level of service to and in support of its member governments. In 2018, the Commissioners adopted a Strategic Planning Framework that set an agenda for management focused on bringing value added to member jurisdictions through a Strengthened Organization, establishment of the organization as a Regional Resource, Promoting Regional Successes and Prioritizing work based on Customer (member government) Needs. Management initiated a number of activities in Fiscal Year 2019 to move this framework forward, primarily focusing on strengthening the organization including staff recruitment and internal restructuring, operational efficiencies, technology investments and programmatic focus on core capabilities and functions of the organization in our primary program areas of Transportation, Emergency Management and the Environment.

The financial statements presented in the Financial Audit Report for Fiscal Year ending June 30, 2019 include all the activities of the Regional Commission using the integrated approach as prescribed by GASB Statement 34. This Discussion and Analysis is intended to serve as an introduction to the financial statements as reported in the annual audit. The annual audit consists of three major components listed below. Government Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires employers to recognize a liability as employees earn their pension benefits and recognize annual pension cost under an earnings approach.

1. Management's Discussion and Analysis (this document)
2. Basic Financial Statements
3. Other Required and Supplementary Information

Overview of the Basic Financial Statements

The "Statement of Net Position" presents information on the Regional Commission's assets, deferred outflows of resources, liabilities, deferred inflow of resources and the resulting net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Regional Commission is steady, improving or deteriorating.

In years where a net income is realized, funds received in excess of expenses for the year are contributed to the Regional Commission's net position. In Fiscal Year 2019, the net position balance was increased by \$88,641 as shown on page 12 of the financial statements, "Statement of Activities".

It is important to realize that, while not in the business of making a profit, the Regional Commission should be managed in such a way to assure that the fund balance provides contingencies for future periods according to established goals and objectives. The resulting excess of revenues over expenditures is added to operating reserves each year, known as the Fund Balance at the beginning of the year. The Fund Balance gives operating cushion in years that are not as lucrative and can also be used to provide float funding for grant programs until reimbursement is made by the grantor.

The Regional Commission established a fund balance policy in 2004 that set a target of \$1,000,000 reserve fund. While the policy did not establish a target for revenues over expenses each year; the intent was to strive to manage its finances in a manner that is financially conservative. The annual net income/loss has varied slightly over the years though on an overall decline. The resulting change in fund balance has been declining year over year.

At the end of Fiscal Year 2018, the Regional Commission's reserve fund fell below the targeted \$1,000,000 threshold and in June 2019, Commissioners took action to reaffirm the fund balance policy level at \$1,000,000 and developed a plan to achieve the target within two fiscal years beginning in Fiscal Year 2020. Member jurisdictions were asked to contribute to the fund balance through a special \$.10 per capita assessment to make up approximately one-half of the gap between the Fiscal Year 2018 Net Position and the fund balance target, approximately \$107,000 over two years. Management was also directed to develop and implement a budget in Fiscal Years 2020 and 2021 that would result in a contribution over the two years of approximately \$112,000 to the fund balance in order to achieve the target of the policy once again.

The "Statement of Revenues, Expenditure and Changes of Fund Balance" (page 14) shows the actual revenues and expenditures of the Regional Commission for the fiscal year 2019 and the resulting change in net position from the Statement of Activities. The actual surplus (or "Excess of Revenues over Expenses") of \$9,657 is a result of various measures taken during the year including changes in administrative policy regarding staff time allocations and reduced operating costs where possible. This surplus contributes towards making up a portion of the shortfall in the \$1,000,000 Fund Balance policy target bringing the gap to \$209,381.

The following tables show a comparison of Financial Statements for Fiscal Year 2019 and Fiscal Year 2018.

<i>Statements of Net Position</i>	<u>2019</u>	<u>2018</u>
Current Assets	\$ 960,850	\$ 997,594
Capital Assets	<u>122,332</u>	<u>81,888</u>
Total Assets	<u>\$1,083,182</u>	<u>\$1,079,482</u>
Deferred Outflows of Resources	\$ <u>239,467</u>	\$ <u>175,081</u>
Current Liabilities	\$ 272,924	\$ 348,047
Net Pension Liability	<u>521,969</u>	<u>377,872</u>
Total Liabilities	<u>\$ 794,893</u>	<u>\$ 725,919</u>
Deferred Inflows of Resources	\$ <u>131,122</u>	\$ <u>220,651</u>
Total Net Position	<u>\$ 396,634</u>	<u>\$ 307,993</u>

Current assets are comprised of cash and investments, accounts receivable and prepaid expenses. These are resources available to the Regional Commission for on-going operations.

Capital assets consist primarily of furniture and equipment used for the operation of the Regional Commission.

Deferred outflows of resources represent current year pension payments which will be applied against the net pension liability in the actuarial report prepared as of June 30, 2018 which the Regional Commission received in February 2019.

Current liabilities represent the obligations of the Regional Commission. This category includes accounts payable and accrued expenses, compensated absences and deferred revenue.

Net pension liability represents the actuarially calculated pension obligation of the Regional Commission.

Deferred inflow of resources represents current year differences between the projected and actual pension earnings per the actuarial report prepared as of June 30, 2018.

Fund Balance – End of Year	<u>\$ 790,619</u>	<u>\$ 780,962</u>

Other Required and Supplemental Information

The notes following the financial statements provide additional information that is essential to a full understanding of the data provided in the statement of financial position and the statement of revenues, expenditures and changes in fund balance statements.

The Regional Commission currently adopts a preliminary annual operating budget for the upcoming fiscal year each December which is submitted to the member jurisdictions and serves as the request for local membership dues for the upcoming fiscal year. A final budget, which includes updated information on projected expenditures and revenues, is presented to the Commissioners for final approval prior to the start of the fiscal year. In most years, a mid-year budget review is presented to Commissioners which anticipate any additional changes in projections for the current fiscal year and serves as an amendment to the approved budget as necessary.

A budgetary comparison has been provided to demonstrate compliance with the approved budget for Fiscal Year 2019. The Fiscal Year 2019 budget projected a minor deficit of \$477. The actual revenues and expenditures are compared to those budgeted for the fiscal year and the resulting variance is calculated and shown on page 43. In Fiscal Year 2019, the Regional Commission finished the year incurring 89.6% of budgeted expenses for the period and billing 89.9% of anticipated revenues. Actual revenues exceeded actual expenditures by \$9,657, which is approximately \$10,134 better than was anticipated in the final budget adopted in February 2019.

Contacting the Regional Commission's Financial Management Team

This financial report is intended to provide Federal, State, and Local grantors, as well as member localities with a general overview of the Regional Commission's finances and to show accountability for the funds it receives and expends. If you have questions about this report or need additional information, contact the Executive Director at the Richmond Regional Planning District Commission, 9211 Forest Hill Avenue, Suite 200, Richmond, Virginia 23235, and telephone (804) 323-2033.

Decrease in compensated absence liability	18,883
Decrease in deferred rent liability	<u>9,840</u>

Change in net position reported on the Statement of Activity	<u><u>\$ 88,641</u></u>
--	-------------------------

See accompanying notes.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Organization and Summary of Accounting Policies

The Richmond Regional Planning District Commission (the "Commission") is a political subdivision of the Commonwealth of Virginia. The purpose of the Commission is to promote the orderly and efficient development of the physical, social and economic elements of the Richmond Regional Planning District by encouraging and assisting governmental subdivisions in planning for the future. The accounting policies of the Commission conform to generally accepted accounting principals as applicable to governments.

The Commission acts as the legal entity that receives funding while the Richmond Area Metropolitan Planning Organization, generally referred to as the Richmond Regional Transportation Planning Organization (RRTPO), is responsible for the utilization of the funding. The RRTPO is the federally designated regional transportation planning organization that serves as the forum of cooperative transportation decision-making in the Richmond Metropolitan Area. The RRTPO was established under Section 134 of the Federal Aid Highway Act of 1973, as amended, for maintaining and conducting a "continuing, cooperative and comprehensive" transportation planning process that results in plans and programs consistent with the comprehensively planned development of the Richmond urbanized area.

- (a). Financial Statement Presentation - The government-wide financial statements (the statement of net position and the statement of activities) report information of all the nonfiduciary activities. The governmental activities of the Commission are supported by intergovernmental revenues.

The government-wide Statement of Activities is designed to report the degree to which the direct expenses of a given function are offset by program revenues. Program revenues include charges to customers, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

The government-wide Statement of Net Position reports assets as restricted when externally imposed constraints on those assets are in effect. Internally imposed designations or resources are not presented as restricted net assets.

Governmental Funds account for the expendable financial resources, other than those accounted for in Proprietary and Fiduciary funds. The individual governmental fund of the Commission is comprised of the General Fund, which accounts for all revenues and expenditures applicable to the general operation of the Commission.

- (b). Basis of Accounting - The economic resources measurement focus and the accrual basis of accounting is used for the Governmental Funds. Under the accrual method, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction that can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, not to exceed sixty days. The Commission considers grant revenues to be available when the grant expenditure is made since the expenditure is the prime factor for determining eligibility. Expenditures are recorded when the related fund liability is incurred.

The accounting and reporting policies of the Commission relating to the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB) the American Institute of Certified Public Accountants in the Publication entitled Audits of State and Local Government Units and by the Financial Accounting Standards Board (when applicable).

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - Summary of Significant Accounting Policies (Continued)

- (c). Revenue Recognition - Intergovernmental revenues, consisting primarily of federal, state, local and other grants for the purpose of funding specific expenditures, are recognized when earned. The Commission considers grant revenue as earned when the grant expenditure is incurred. Contributions of the member governments are based on population and are assessed annually. There is also provision for special assessments when warranted. Funding received prior to expenditures being incurred are recognized as a deferred revenue liability.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources for eligible activities first, then unrestricted, as they are needed.

- (d). Cash and Cash Equivalents - State statute authorizes the Commission to invest in obligations of the U.S. Treasury, agencies, and instrumentalities, repurchase agreements, certificates of deposit or time deposits insured by the FDIC, and the local government investment pool. Deposits are carried at cost, which approximates fair value. At June 30, 2019 cash and cash equivalents include the following:

Local banks	\$120,020
Local government investment pool	<u>159,098</u>
Total	<u>\$279,118</u>

Deposits - Custodial risk is the risk that in the event of a bank failure, the government deposits might not be returned to it. There is no custodial credit risk to these accounts, as the entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (Act). Under the Act, banks holding public deposits in excess of the amounts insured by the FDIC must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. Savings and loan institutions are required to collateralize 100% of deposits in excess of FSLIC limits. The State Treasury Board is responsible for monitoring compliance by banks and savings and loans.

The Commission investments consist of investments in the local government investment pool of \$159,098. There is no custodial risk for these investments as the amounts are fully collateralized. In addition, there is no interest rate risk as the interest rates are adjusted daily for the repurchase agreement and periodically for the investment in the local government investment pool.

- (e). Use of Estimates - The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (f). Deferred Rent Liability - The Commission's landlord provided cash for leasehold improvements. These funds are recorded as a deferred rent liability and are amortized as a reduction of rent expense over the non-cancelable term of the lease. For the year ended June 30, 2019, the deferred rent liability was amortized as a reduction of rent expense in the amount of \$9,840.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - Summary of Significant Accounting Policies (Continued)

- (g). Capital Assets – Capital assets are recorded as expenditures in the Governmental Fund and capitalized at cost in the government-wide financial statements for items exceeding \$1,000 in value. Contributed fixed assets are recorded at their estimated fair market value at the time received. Depreciation has been provided over the following estimated useful lives of the respective assets on the straight-line method.

Equipment	5 years
Furniture	7 years
Office improvements	39 years

Assets that have been purchased with grantor funds may revert to the grantor in the event the program is discontinued prior to the end of the assets' useful life.

- (h). Compensated Absences - Commission employees are granted annual and sick leave in varying amounts, according to years of service. Accrued but unused annual leave only, not more than twice the amount earned in a year, is paid to the employee at the time they leave employment with the Commission. Sick leave and annual leave expenditures are recognized in the governmental fund to the extent it is paid during the year. The amount of unpaid annual leave as of June 30, 2019 was \$69,894.
- (i). Deferred Outflows/Inflows of Resources - The Commission reports deferred outflows of resources on its statement of net position. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until the applicable period. The Commission has two items that qualify for reporting in this category. They are the employer pension contributions made after the actuarial measurement date and the net difference between expected and actual experience. Employer contributions made after the measurement date of June 30, 2018, were \$67,339. The differences between expected and actual experience, per the actuarial report for the fiscal year ended June 30, 2018, was \$172,128.

The Commission reports deferred inflows of resources on its statement of net position. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until a future period. The Commission's deferred inflows balance is made up of the differences between expected and actual experience, changes in assumptions and the net difference between projected and actual earnings on plan investments, per the actuarial report for the fiscal year ended June 30, 2018, and totaled \$131,122.

- (j). Pension - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission's Virginia Retirement System (VRS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- (k) Advertising Costs - Advertising costs are expensed when incurred. Advertising expense for the year ended June 30, 2019 was \$2,520.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 2 - Grants Receivable

Grants receivable are recorded in the governmental activities and are reflected net of an allowance for doubtful accounts. As of June 30, 2019, all grants receivable were considered fully collectible, therefore, no allowance was recorded.

Grants receivable consists of the following at June 30, 2019:

Virginia Department of Transportation	\$324,832
Virginia Department of Rail and Public Transportation	201,500
Virginia Department of Emergency Management	88,305
Virginia Department of Environmental Quality	29,775
Miscellaneous	<u>931</u>
Total	<u>\$645,343</u>

NOTE 3 - Budgets and Budgetary Accounting

The Commission adheres to the following procedures in establishing budgetary data reflected in the financial statements. The Commission staff completes preparation of a proposed operating budget in November for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and means of financing them. The proposed budget is submitted to the Commissioners for approval no later than December. Prior to the start of each fiscal year, the Commission staff prepares a revised budget, based on the actual contracts and grant agreements anticipated for that fiscal year, for the Commission to review. The budget is employed throughout the year as a management control device. The budget is adopted on the modified accrual basis consistent with the federal, state and local grant agreements that support the Commission. Contracted services and the related grant revenues are budgeted by the Commission, but the timing of the services is controlled by entities other than the Commission and, therefore, can vary significantly. The Commission prepares its budget on a basis of accounting that is substantially the same as generally accepted accounting principles.

NOTE 4 - Property and Equipment

A summary of changes in property and equipment follows:

	Balance <u>July 1, 2018</u>	<u>Additions</u>	<u>Disposals</u>	Balance <u>June 30, 2019</u>
Capital assets being depreciated				
Office furniture and equipment	\$264,927	\$ 59,097	\$ 2,332	\$321,692
Leasehold improvements	<u>68,098</u>	<u>-</u>	<u>-</u>	<u>68,098</u>
Total capital assets being depreciated	<u>333,025</u>	<u>59,097</u>	<u>2,332</u>	<u>389,790</u>
Less accumulated depreciation for:				
Office furniture and equipment	226,270	17,122	2,332	241,060
Leasehold improvements	<u>24,867</u>	<u>1,531</u>	<u>-</u>	<u>26,398</u>
Total accumulated depreciation	<u>251,137</u>	<u>18,653</u>	<u>2,332</u>	<u>267,458</u>
Capital Assets, net	<u>\$ 81,888</u>	<u>\$ 40,444</u>	<u>\$ -</u>	<u>\$122,332</u>

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan

Pensions

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission's Retirement Plan and the additions to/deductions from the Commission's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description

All full-time, salaried permanent employees of the Commission are automatically covered by VRS Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.	About Plan 2 Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.	About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. <ul style="list-style-type: none">• The defined benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.• The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.• In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

<p>Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p>Retirement Contributions Same as Plan 1.</p>	<p>Retirement Contributions A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages</p>
<p>Creditable Service Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p>Creditable Service Same as Plan 1.</p>	<p>Creditable Service <u>Defined Benefit Component:</u> Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p> <p><u>Defined Contributions Component:</u> Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.</p>
<p>Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan.</p>	<p>Vesting Same as Plan 1.</p>	<p>Vesting <u>Defined Benefit Component:</u> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.</p>

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

<p>Vesting (continued) Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.</p> <p>Members are always 100% vested in the contributions that they make.</p>		<p>Vesting (continued) <u>Defined Contributions Component:</u> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.</p> <p>Members are always 100% vested in the contributions that they make.</p> <p>Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.</p> <ul style="list-style-type: none"> • After two years, a member is 50% vested and may withdraw 50% of employer contributions. • After three years, a member is 75% vested and may withdraw 75% of employer contributions. • After four or more years, a member is 100% vested and may withdraw 100% of employer contributions. <p>Distribution is not required by law until age 70½.</p>
<p>Calculating the Benefit The Basic Benefit is calculated based on a formula using the member's average final compensation, a retirement multiplier and total service credit at retirement. It is one of the benefit payout options available to a member at retirement.</p> <p>An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.</p>	<p>Calculating the Benefit See definition under Plan 1.</p>	<p>Calculating the Benefit <u>Defined Benefit Component:</u> See definition under Plan 1</p> <p><u>Defined Contribution Component:</u> The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.</p>
<p>Average Final Compensation A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.</p>	<p>Average Final Compensation A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.</p>	<p>Average Final Compensation Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.</p>

Members also may be eligible to purchase periods of leave without pay.</p>	<p>Purchase of Prior Service Same as Plan 1.</p>	<p>Purchase of Prior Service <u>Defined Benefit Component:</u> Same as Plan 1, with the following exceptions:</p> <ul style="list-style-type: none"> Hybrid Retirement Plan members are ineligible for ported service. <p><u>Defined Contribution Component:</u> Not applicable.</p>
--	---	--

Employees Covered by Benefit Terms

As of the June 30, 2017 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Number
Inactive Members or Their Beneficiaries Currently Receiving Benefits	6
Inactive Members	
Vested inactive members	2
Non-vested inactive members	3
Inactive members active elsewhere in VRS	<u>12</u>
Total Inactive Members	17
Active Members	<u>19</u>
Total covered employees	<u>42</u>

Contributions

The contribution requirement for active employees is governed by § 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5% of their compensation toward their retirement.

The Commission's contractually required contribution rate for the year ended June 30, 2019 was 7.94% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarial rate for the Commission's plan was 6.99%.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Commission were \$67,339 and \$77,475 for the years ended June 30, 2019 and June 30, 2018, respectively.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2017 rolled forward to the measurement date of June 30, 2018.

Actuarial Assumptions - General Employees

The total pension liability for General Employees in the Commission's Retirement Plan was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5%
Salary increases, including Inflation	3.5% – 5.35%
Investment rate of return	7.0%, net of pension plan investment expenses, including inflation*

- * Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

Mortality rates:

Largest 10 - Non-Hazardous Duty: 20% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

All Others (Non 10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS **(Continued)**

NOTE 5 - Retirement Plan (Continued)

All Other (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	<u>15.00%</u>	9.53%	<u>1.43%</u>
Total	<u>100.00%</u>		<u>4.80%</u>
	Inflation		<u>2.50%</u>
	* Expected arithmetic nominal return		<u>7.30%</u>

* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2018, the alternate rate was the employer contribution rate used in FY2012 or 90% of the actuarially determined employer contribution rate from the June 30, 2015, actuarial valuations, whichever was greater. From July 1, 2018 on, participating employers are assumed to continue 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the Long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balances at June 30, 2017	<u>\$3,585,662</u>	\$3,207,790	\$377,872
Changes for the year:			
Service cost	127,961	-	127,961
Interest	246,717	-	246,717
Differences between expected and actual experience	145,786	-	145,786
Contributions – employer	-	77,475	(77,475)
Contributions – employee	-	62,229	(62,229)
Net investment income	-	238,886	(238,886)
Benefit payments, including refunds of employee contributions	(122,267)	(122,267)	-
Administrative expense	-	(2,008)	2,008
Other changes	-	(215)	215
Net changes	<u>398,197</u>	<u>254,100</u>	<u>144,097</u>
Balances at June 30, 2018	\$3,983,859	\$3,461,890	\$521,969

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - Retirement Plan (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Commission using the discount rate of 7.00%, as well as what the Commission's net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.00%) or one percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Commission's Net Pension Liability	\$1,047,680	\$521,969	\$87,557

Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the Commission recognized pension expense of \$57,521. At June 30, 2019, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$ 172,128	\$ 48,817
Changes in assumptions	-	57,797
Net difference between projected and actual earnings on plan investments	-	24,508
Employer contributions subsequent to the Measurement Date	<u>67,339</u>	-
Total	<u>\$239,467</u>	\$131,122

\$67,339 reported as deferred outflows of resources related to pensions resulting from Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the Fiscal Year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in future reporting periods as follows:

Year ended June 30,	
2020	\$ 19,289
2021	34,092
2022	(9,614)
2023	(2,761)
2024	-
Thereafter	-
Total	<u>\$ 41,006</u>

NOTE 5 - Retirement Plan (Continued)

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

ICMA Retirement Corporation 401 Plan

Prior to becoming a VRS participating employer, the Commission participated in a multi-employer defined contribution pension plan that covered all of its full-time employees. This plan was frozen by the Commission effective July 1, 2001 and existing employees were given the choice of remaining in the ICMA 401 plan or becoming a member of VRS. Two employees remain in the IMCA plan. Contributions to the plan by the Commission are based on 9.5% of the employees' annual covered compensation as defined in the plan. Plan contributions for the year ended June 30, 2019, totaled \$8,183. Employees can contribute to the plan and they can direct their portion of the employer's portion of the contribution among forty-one types of investment funds. Employees became vested in the employer's portion of the contribution after three years of continuous service. The Commission's policy is to fund all pension costs as incurred.

ICMA Retirement Corporation 457 Plan

ICMA Eligible employees of the Commission may also participate in a deferred compensation plan in accordance with Internal Revenue Service Code 457. The deferred compensation is not available to employees until termination of employment, retirement, death or an unforeseen emergency. An independent administrator, ICMA Retirement Corporation, monitors contributions to the plan. Plan contributions for the year ended June 30, 2019, totaled \$1,084. The plan assets are maintained in custodial accounts for the exclusive use of the plan's participants and beneficiaries. In accordance with GASB 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, these assets and the related liability are not included in the accompanying financial statements.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 6 - Assessments to Participating Localities and State Appropriation

The Commission's revenues are derived mainly from federal, state and local grants from assessments to participating localities and state appropriation. Assessments to participating localities and state appropriation consist of the following for the year ended June 30, 2019.

Assessments to participating localities:	
County of Chesterfield	\$201,812
County of Henrico	194,637
City of Richmond	133,007
County of Hanover	59,029
County of Powhatan	16,942
County of Goochland	12,962
County of New Kent	12,554
Town of Ashland	4,796
County of Charles City	4,213
State appropriation	<u>113,957</u>
Total	<u>\$753,909</u>

NOTE 7 - Long-Term Obligations

The Commission has an operating lease for office space in Richmond, Virginia, which expires October 31, 2022. The lease calls for an annual rent increase of 3%. Rental expense for operating leases for the year ended June 30, 2019, was \$267,971. To properly calculate indirect costs associated with rent expense, the Commission nets rent expense against the amortized portion of the deferred rent liability and rental income.

Future minimum rental payments under this lease are as follows:

Years ending June 30,	
2020	\$273,596
2021	281,800
2022	290,281
2023	<u>99,158</u>
Total minimum lease payments	<u>\$944,835</u>

The Commission has an operating lease to sub-lease office space. The lease expires October 31, 2022, and calls for rental income of \$2,665 per monthly. Rental income for the year ended June 30, 2019, was \$32,176.

Future minimum lease income under the sub-lease is as follows:

Years ending June 30,	
2020	\$ 31,976
2021	31,976
2022	31,976
2023	<u>10,659</u>
Total	<u>\$106,587</u>

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - Compliance with Grant Provisions

The Commission participates in several federal financial assistance programs. Although the Commission's grant programs have been audited in accordance with the provisions of the Single Audit Act, these programs are still subject to financial and compliance audits. The amount, if any, of expenditures that may be disallowed by the granting agencies cannot be determined at this time, although the Commission expects such amounts, if any, to be immaterial.

The Commission serves as the fiscal agent for the Richmond Regional Transportation Planning Organization (RRTPO). The RRTPO has no staff, no bank account, and cannot contract on its own behalf. Accordingly, the Commission contracts on behalf of the RRTPO, as per federal regulation, and Commission staff performs the work of the RRTPO. All contracts with the Commonwealth of Virginia are cost reimbursable, so only when the costs have been expended and the work has been completed can the PDC request reimbursement.

NOTE 9 - Indirect Costs

Indirect costs, which support all projects, are allocated to the various projects based on the allocation rate applied to the project's direct labor and fringe benefit charges. The indirect cost rate developed by the Commission for the fiscal year ending June 30, 2019 is calculated as follows:

Total indirect costs	\$ <u>916,555</u>
Total direct labor and fringe	\$1,421,187 = 64.49%

The following items are included in indirect costs allocated to projects:

Salaries and fringe benefits	\$ 298,638
Rent	226,156
Professional and contract services	117,867
Computer	106,030
Printing	34,033
Training	21,813
Legal fees	20,125
Depreciation	18,653
Insurance	16,419
Supplies	14,115
Travel	13,411
Dues	10,697
Miscellaneous	9,253
Telephone	4,332
Postage	2,811
Capital expenses	1,487
Books and periodicals	488
Consultant-Pass thru	<u>227</u>
Total Indirect Costs	\$ <u>916,555</u>

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS (Concluded)

NOTE 10 - Fringe Benefit Allocation

Fringe benefit expense is allocated using the percentage of benefits to total labor costs. Components of fringe benefit expense for the year ended June 30, 2019, and the allocation computations are shown below:

Leave wages	\$ 161,405
Health insurance	163,586
Payroll taxes	101,524
Pension	82,954
Life and disability insurance	<u>8,245</u>
Total Fringe Benefits	\$ <u>517,714</u>
Fringe benefit expenses	\$ <u>517,714</u>
Total labor costs	\$1,202,111 = 43.07%

NOTE 11 - Evaluation of Subsequent Events

The Commission has evaluated subsequent events through November 14, 2019, the date which the financial statements were available to be issued.

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2019 (Continued)

NOTE 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the Commission, under programs of the federal government for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Because the schedule presents only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position, change in net position or cash flows of the Commission.

NOTE 2 - Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Costs Principals, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – Indirect Cost Rate

The Commission has elected not to use the 10% de minimus indirect cost rate.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Commissioners
Richmond Regional Planning District Commission

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, and the aggregate remaining fund information of the Richmond Regional Planning District Commission as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Richmond Regional Planning District Commission's basic financial statements, and have issued our report thereon dated November 14, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Richmond Regional Planning District Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Richmond Regional Planning District Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of Richmond Regional Planning District Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

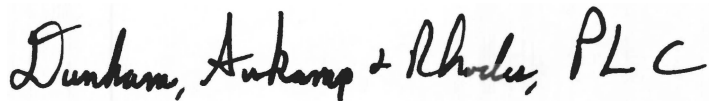

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Richmond Regional Planning District Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Commissioners
Richmond Regional Planning District Commission

Report on Compliance for Each Major Federal Program

We have audited Richmond Regional Planning District Commission's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Richmond Regional Planning District Commission's major federal programs for the year ended June 30, 2019. Richmond Regional Planning District Commission's major federal program are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Richmond Regional Planning District Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Richmond Regional Planning District Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Richmond Regional Planning District Commission's compliance.

Opinion on Each Major Federal Program

In our opinion, Richmond Regional Planning District Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2019.

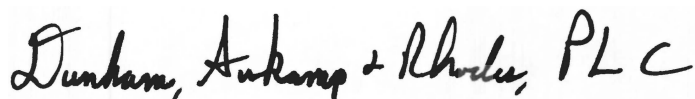

Report on Internal Control over Compliance

Management of Richmond Regional Planning District Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Richmond Regional Planning District Commission's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Richmond Regional Planning District Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

RICHMOND REGIONAL PLANNING DISTRICT COMMISSION

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - Change of Benefit Terms

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

NOTE 2 - Changes of Assumptions

The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four year period ending June 30, 2016:

Largest 10 – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

All Others (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%
