

PlanRVA Outreach Toolkit Template

The Richmond Regional Transportation Planning Organization (RRTPO), powered by PlanRVA, is a federally mandated and federally funded transportation policy-making organization. It was created to ensure regional cooperation in transportation planning.

As you may know, I'm a member of CTAC—the Community Transportation Advisory Committee, which advises the RRTPO on issues, plans, and matters for public input.

One of our roles is ensuring we're connecting to and engaging the diverse people in our region. Because all regional work is connected, we wanted to invite you to participate in our next engagement.

About PlanRVA

PlanRVA is where the nine localities of the greater Richmond region collaborate to solve problems and advance regional progress in the areas of community development, emergency management, the environment, and transportation. www.planrva.org
