

Community Transportation Advisory Committee (CTAC)
FY 2027 (Fiscal Year: July 2026-June 2027)

Align meeting structure to key deliverables in FY27 [Unified Planning Work Program \(UPWP\)](#).

Keeps the committee aligned with federal/regional planning work **and** responsive to the practical need that members expressed for clearer, more usable briefing materials.

CTAC's formal role: advise on resident input, shape the Public Engagement Plan, support engagement for major plans like the LRTP and TIP, and help with community-facing outreach.

What members said they need: more substantive briefings, better orientation on terminology/funding/website tools, clearer visuals on decision-making roles, and practical preparation to act as community ambassadors.

FY 27 Schedule and Topics (subject to change)

July 23, 2026

September 17, 2026

November 19, 2026

November Field Trip TBD
