East Coast Greenway
Connecting people to place, Maine to Florida
Sarah Sanford, VA & NC Coordinator
Today's Presentation:

- ECG requirements for designation
- Potential new designations in RVA
The East Coast Greenway is a walking and biking route stretching 3,000 miles from Maine to Florida.
We connect urban and rural, north and south, along the most populated corridor of the United States.
ECG Design Guidance:

- surfaces
- width
- grade
- accessibility
- safety
- maintenance

greenway.org/design-guide
ECG Designation Process:

ECGA Board approval of a bike/ped facility to be an official segment of the East Coast Greenway
ECG Designation Process:

1. Nomination

2. Resolution/endorsement letter from local entity (e.g. Parks & Rec, Town Council, etc.)

3. Site inspection

4. ECGA Coordinator present to Greenway Council

5. ECGA Board votes to approve
Potential New ECG Designations in RVA
Ashland Trolley Line Trail Boardwalk

East Coast Greenway

Current Travel Route
- On-road Routing
- Trail
- Trail, unpaved
- Transit or Ferry

Envisioned Route
- Green: Complete
- Light purple: Construction
- Orange: Engineering/Design
- Yellow: Gap
- Blue: In public control
- Pink: Off road defined not in public control
- Dotted: Planning
