

BikePedRVA 2045 Fact Sheet

***BikePedRVA 2045* provides a crucial update of the 2004 Richmond Regional Bicycle and Pedestrian Plan. The plan focuses on building a cross-regional network of shared use paths, interconnected and supported by local level projects for sidewalks, neighborhood connectors, bikeable streets, and complete streets elements that will create a comprehensive system for active transportation.**

BikePedRVA 2045 is structured around six “big ideas”:

1. **Establish the Virginia Capital Trail and the Fall Line Trail as main regional arterials** for active transportation, respect the rivers in shaping routes, and work with localities to align new connections at jurisdictional boundaries.
2. **Prioritize equity and access** to historically underserved populations in the completion of spur networks that tie into the regional arterials.
3. **Establish higher, well-recognized industry standards** for active transportation infrastructure.
4. **Focus on a pedestrian sidewalk network** that provides safe, accessible connections for all users from neighborhoods to transit stops.
5. **Utilize bike boulevards and safe neighborhood streets** for local connections.
6. **Provide tools for localities** to effectively guide private sector developers to incorporate high quality active transportation infrastructure into their projects to the benefit of the regional network.

Share Your Feedback

The public review period for *BikePedRVA 2045* is open from February 8 to March 22, 2022.

Specifically, PlanRVA would like to know:

- What is your vision for bike and pedestrian networks in the Richmond Region?
- How does the content of the plan support connections across the Richmond Region?
- What are we missing in the draft plan?
- Does the content align with your values and interests?
- Does the content make sense? Is the level of detail sufficient?
- Do you have any recommendations to make the document easier to read or more accessible?

Review the story map, read the draft plan, and share your feedback at BikePedRVA.org.
