

# PlanRVA Summary of Finance Statements

Below is a summary of the financial statements for the period ending February 28, 2021. This narrative is intended to assist with the review of this information. It includes analysis and next steps to address year to date financial performance.

### **Balance Sheet**

The summarized Balance Sheet provides an overview of the assets, liabilities and fund balance for the month.

The Commission is in a solid cash position following payment on most second quarter reimbursements requests for expenses incurred through December 31, 2020, the remaining of which are represented in accounts receivable.

The Commission concluded FY20 with a Fund Balance of \$1,165,897 which has been decreased by the year to date accumulated net deficit of (\$11,913) offset by special assessments collected in FY21 of \$30,122 to arrive at the February 28th Fund Balance of \$1,184,106. The Fund Balance has increased by \$18,209 as of February 28th and remains above the \$1,000,000 target.

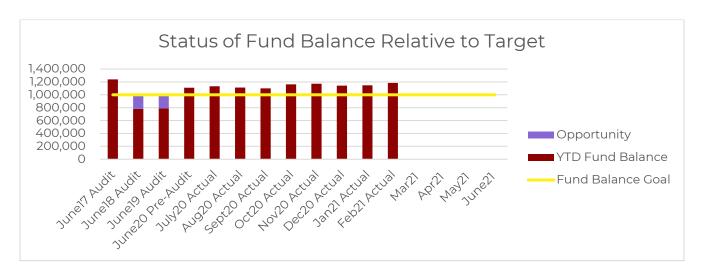

The Year to Date Fund Balance is summarized below:

 Fund Balance - 6/30/20
 \$ 1,165,897

 Net Deficit YTD FY21
 (11,913)

 Special Assessments Collected in FY21
 30,122

 Fund Balance - 2/28/21
 \$1,184,106

# **Budget Performance**

The income statement provides an overview of monthly and year-to-date actual revenues and expenses compared to total budgeted revenues and expenses for Fiscal Year 2021.

Revenues and expenses are compared to 58.33% of the annual budget as year-to-date results for January represent 58.33% (or seven-twelfths) of the year. Variances between actual and budget can be quickly viewed in the "58.33% Total Budget" column; notes are provided to the side and at the bottom of the statement to provide additional information.

# **Notes:**

- YTD Net Loss is \$11,910 (decreased by review of Qs 1 and 2 billing)
- Total Income is trailing budget at 70% of projected income for the year
- YTD average on salary reimbursements has increased to 62%
- Total Salaries & Wages is within budget; total expenses are trailing budget at 72%
- Activity in Program Expenses is lagging from grant extensions and lagging activity due to COVID-19

### Revenue:

Year to Date Revenue through was \$1,903,989 which is lagging the predicted Year-to-Date budget. While most of the total shortfall is due to timing of pass through expenses (see Expense lines 7451:7459), additional loss of productivity is due to employee leave in the first half of the fiscal year.

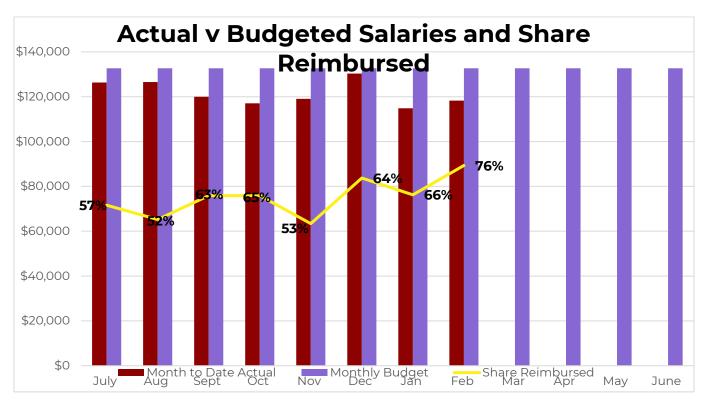

February performance was positive resulting in net operating income for the month of \$36,243. This performance is a result of deeper review of quarterly billing for the first two quarters to assure all invoices were submitted and recorded.

### Expenses:

February's total Year to Date expenses were within budget for the period. The lagging expenses are primarily due to timing of pass through expenses.

Overall, salaries and related expenses are within budget. However, leave wages (including holidays) for the fiscal year was pacing higher than anticipated for the first two quarters of the fiscal year at 1.5 times the expected amount. While the pace has lessened in January and February, it is still expected to exceed budget for the year. Higher than expected leave wages maintains the expense without ability to generate revenue for that time. The table below shows the modest increase in reimbursable wages through grants for February.

# Year to Date Net Income/Loss:

The first quarter's financial statements reported a year-to-date (through September 16, 2020) total net deficit of (\$42,091). From September 16<sup>th</sup> through December 31<sup>st</sup>, we incurred an additional deficit of (\$11,816), bringing the year-to-date net deficit at December 31 to (\$53,907). Positive performance in January and February, coupled with the results of billing reviews for the first quarter, reduced the YTD deficit to \$11,913.

In June 2020, the Commission approved a budget that provided for 22 full time positions and 8 part time positions with the caveat that new positions would not be filled without prior approval. To date, one new part time position was approved to fill and remains vacant. Summer Internships have ended which explains the difference between approved and filled part time positions shown in the table on the next page.
