

# Virginia Transit Equity and Modernization Study

RRTPO Citizens Transportation Advisory Committee  
November 18, 2021

# Study Overview

# How did we get here?

- HJ 542 (2021) bill passed
- The resolution requires exploring a variety of topics that will create recommendations to better equitable transit and forward modernization
- Emphasis on engagement opportunities for underrepresented communities

# Study Goals

## What will this study accomplish?

- ✓ Will identify transit agency, rider, and stakeholder needs
- ✓ Will develop an action plan to address those needs
- ✓ Define underrepresented and underserved communities

## What will this study not accomplish?

- ✗ Will not be an asset inventory
- ✗ Will not single-out transit agencies for poor performance, conditions, etc.

# The study will address:

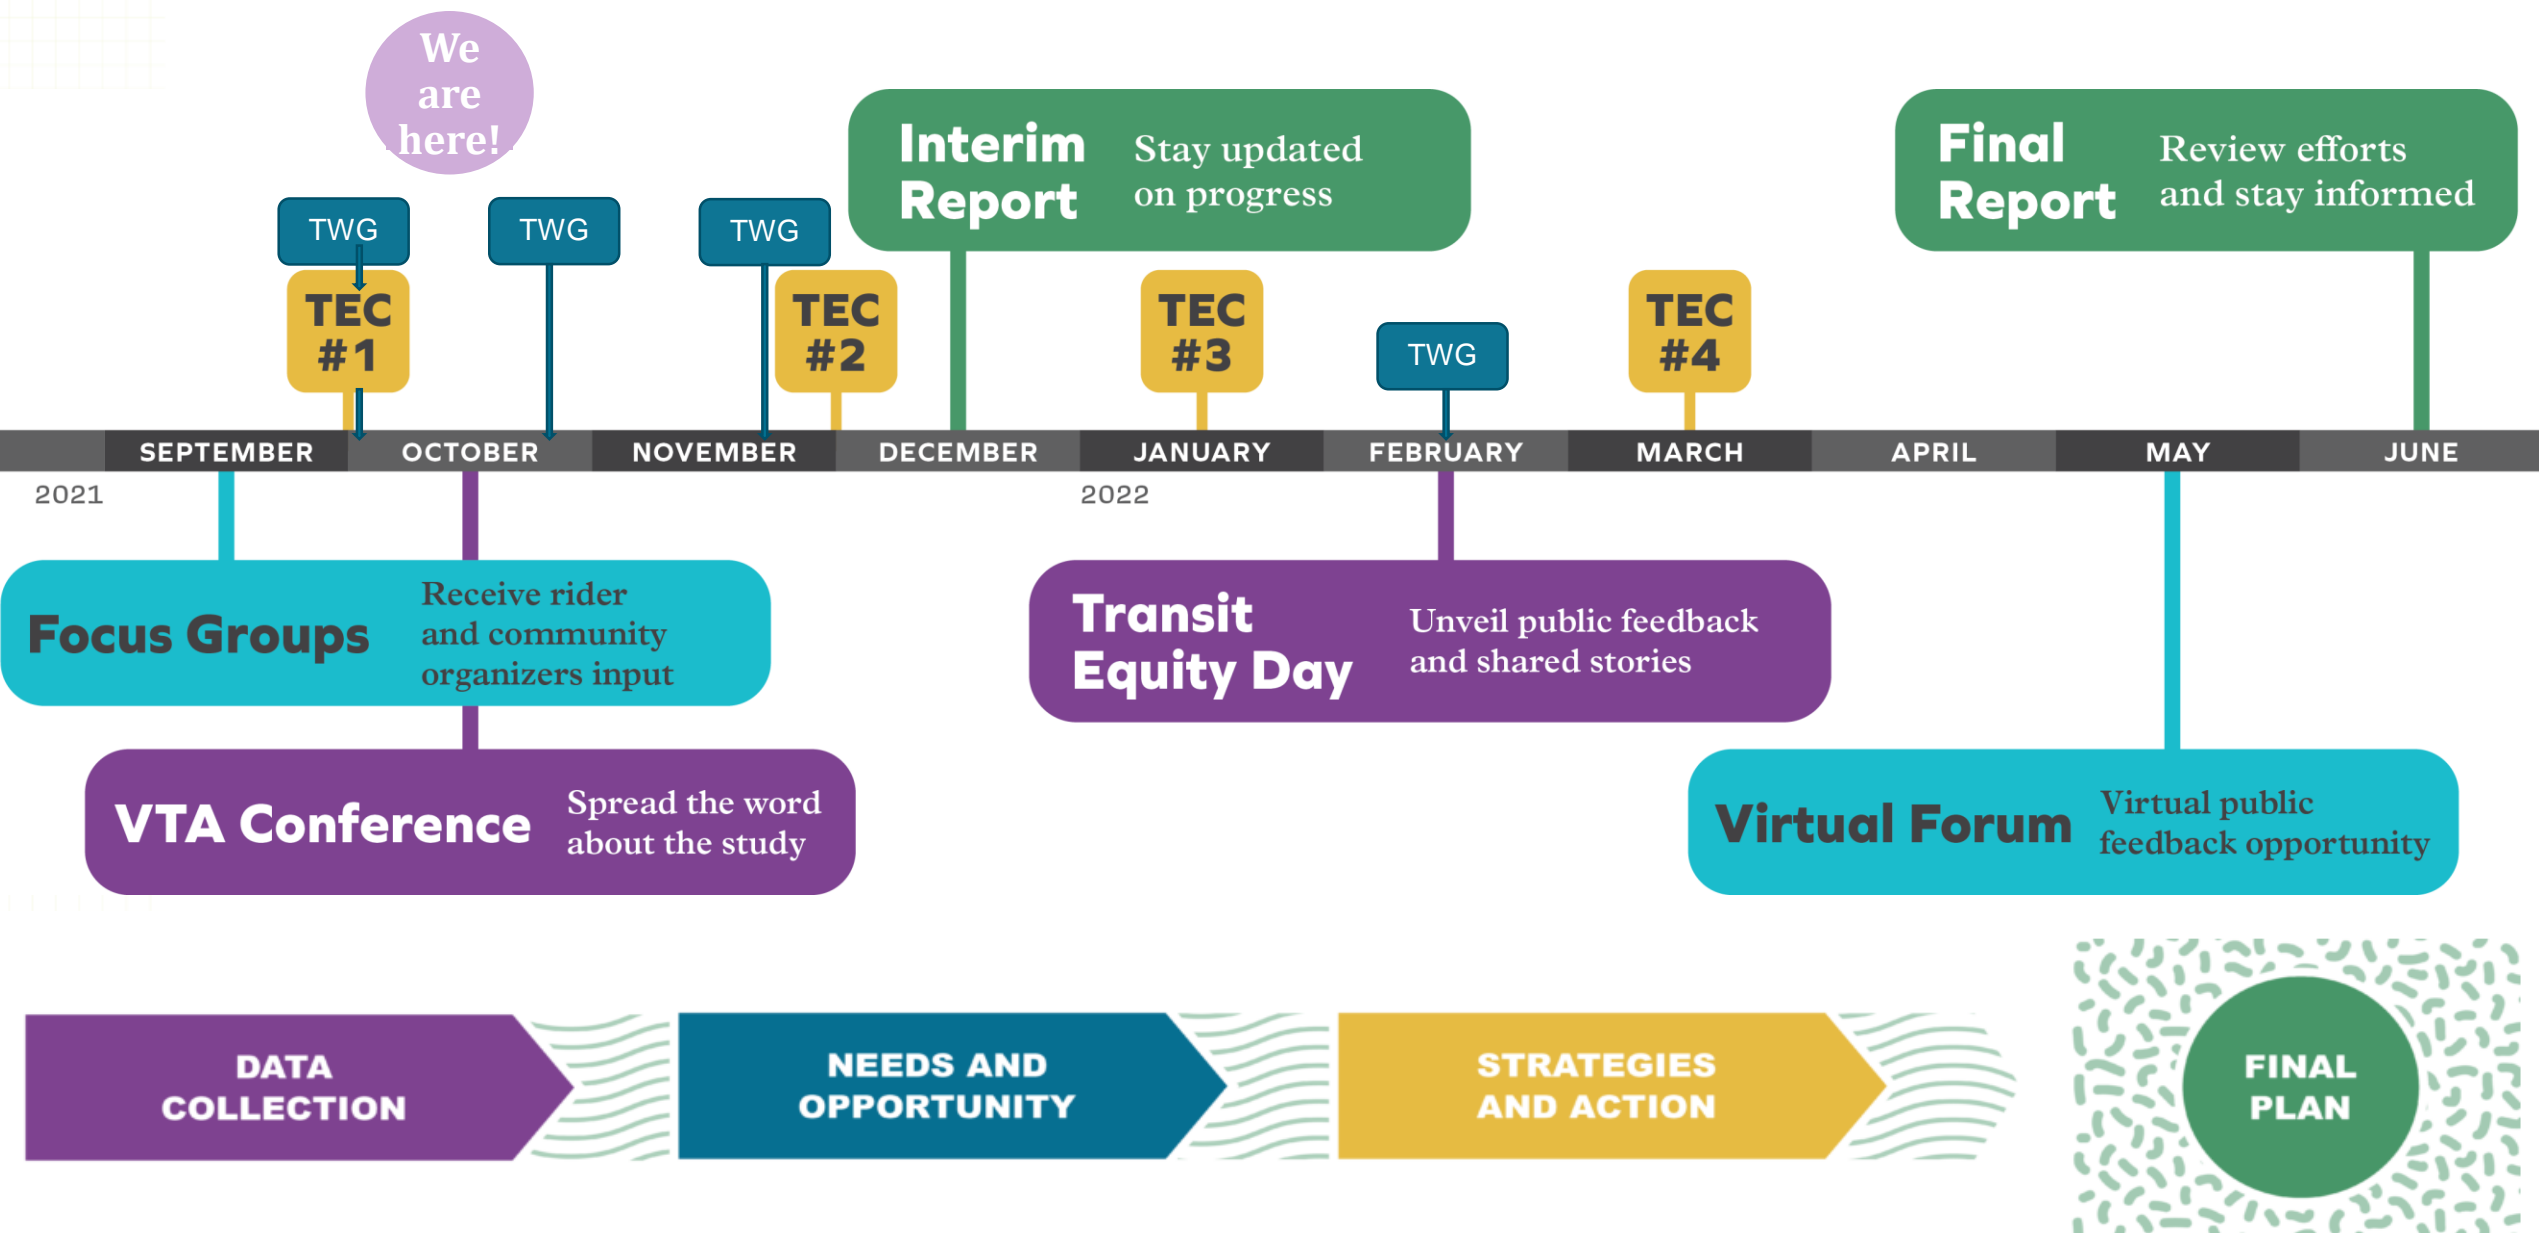

- Opportunities or Gap Assessment of Transit Service
- Needs and barriers to improve transit infrastructure
- Opportunities to reduce carbon footprint through electrification
- Strategies to inform priorities of implementing emerging technologies
- Framework for identifying and engaging disadvantaged populations and underserved communities

# Study Schedule

# Study Updates

# Data Collection

## Transit Agency Survey

- **39** responses from VA Transit Agencies
- 42-question survey
- Technical area data requests
- Agency transportation equity efforts

## Transit Agency Data Collection

- GIS layers
- Board requirements
- Agency manuals & outreach plans
- Capital Programs
- National Transit Database
- TransAM

## Virginia State Agency Data Collection

- Statewide GIS layers
- Standards, Requirements, and Guidance for Transit Agencies
- Fleet Data
- Title VI Plans
- Transit Strategic Plans
- PTASP

**Baseline  
Conditions  
Assessment**

*\*Note: Data requests included, but are not limited to items listed above*

# Identifying needs and opportunities:

## ❖ Technical Working Groups

- ❖ Each topic area (6) meets with transit agency leaders and industry partners 4 times at key points in the study for feedback

## ❖ Transit Equity Committee

- ❖ Transit agency executives provide an equity lens on findings

## 📅 Technical Area Recommendations & Findings

- 📅 Technical Memos – Fall 2021

## 📅 Interim Study

- 📅 To General Assembly – December 2021

- ✓ Completed
- ❖ Underway
- 📅 Upcoming

# Community Engagement

## ✓ Focus Groups

- ✓ 7 focus groups – September 2021
- ✓ Riders, Paratransit riders, Rider Advisory Councils, and Community Organizers

## ✓ Study Website

- ✓ Launched on September 20<sup>th</sup>

## ✓ Outreach Kits

- ✓ Kits include rack cards and window clings for agencies to spread the word

## ❖ Open-Comment Database

- ❖ Allows comments from public through website

## 📅 Virtual Public Forum

- 📅 Spring 2022

## 📅 Transit Equity Committee

- 📅 Transit agency executives provide an equity lens on findings

✓ Completed

❖ Underway

📅 Upcoming

# Focus Groups

# Focus Groups

- Facilitated virtual small group discussions
- Occurred in early September
- Members included;
  - Fixed Route Transit **Frequent Riders** (16 participants)
  - Fixed Route Transit **Infrequent Riders** (15 participants)
  - **Stakeholders** and **Rider Advisory Council** (RAC) Members (9 participants)
  - **Paratransit** and **Disabled Non-Riders** (8 participants)

# Focus Groups: Themes

Upgraded infrastructure to enhance overall rider experience & help with safety concerns

Greater effort to seek out underrepresented and underserved voices through use of incentives and virtual meetings

Strong desire to explore and implement emerging technologies to protect the environment

# Focus Group Takeaways: Infrastructure and Accessibility

## ***Benefits***

- No need to drive or park
- Provides ability to do other things when traveling
- Consensus of good maintenance of buses and stops

## ***Barriers/Challenges***

- Familiarity with system
- Safety
- Trip length
- Reliability
- Shelters without covered stops, lighting, crosswalks, and distance from traffic
- Vehicle cleanliness
- Not consistent ADA accessibility on buses/shelters

# Focus Group Takeaways: Emerging Technology & Electrification

## ***Benefits***

- Desire to move to electric buses and protect environment
- Rider willingness to have higher fares for green buses

## ***Barriers /Challenges***

- Concerns about diesel bus emissions and air quality
- Funding
- Electric buses still use resources from powerplants

# Focus Group Takeaways: Transit Safety

## ***Benefits***

- Feeling that public transit is a safe mode of transportation
- Limited concern for vehicle safety

## ***Barriers /Challenges***

- Frequency at night causes crime related concerns
- Always need to be aware of safety, especially if service is free
- Agencies/operators not enforcing COVID-19 requirements
  - Desire to continue COVID-19 enforcements post-pandemic

# Focus Group Takeaways: System Engagement and Governance

## ***Benefits***

- Agencies care about complaints
- Virtual engagement has helped participation

## ***Barriers/Challenges***

- Underrepresented and underserved populations are not sought out for feedback
- Lack of incentive to attend public participation meetings
- Lack of resources to make adequate change
- Unaware of how to participate in RACs or input meetings

# Focus Group Takeaways: Equity

## ***Benefits***

- Perception that agencies are not putting equity into practice
- Wonder of how and when equitable measures will be put in place

## ***Barriers/Challenges***

- Housing prices higher around transit, but they are the most accessible
- Perception of transit riders is negative
- Lack of collaboration with all types of people in the community

# Transit Agency Survey

# Transit Agency Survey

- **Full Participation**

- **39** responses from VA Transit Agencies
- **July 29th to September 1st**

- **Survey Purpose**

- Input from agencies to inform baseline existing conditions and identify opportunities

# Transit Agency Survey: Themes

Funding needed to implement equitable improvements

Desire for **technology** to enhance service

Increased **written policy** guidance needed surrounding equity

# Equity

## • Defining Equity:

*in the context of transit service*

Focus on people  
generators

Ensure fair and  
equal access  
to routes

Prioritize  
accessible design

Identify gaps and  
needs in current  
service

**7. Does your agency have an equity policy beyond Title VI requirements (such as public-facing transit service goals or an agency mission statement that highlight equity)?**

**9. Rate your level of agreement with the following statement: The transit service we provide is equitable.**

# Transit Accessibility and Infrastructure

Agencies track access to destinations via transit through...  
Census data, on-board surveys, origin-destination studies, public engagement and surveys

- **Implementation Barriers**

- Inventory of infrastructure (sidewalks, crosswalks, etc.)
- Funding to support transit expansion and connection
- Staff
- Technology

- **Future Strategy Interest**

- **46%** interested in service equity analyses
- **19%** have implemented a zero-fair transit programs

**19. How well are the bus stops in your agency's service area connected to pedestrian and bicycle infrastructure?**

# Transit Electrification and Technology

- Interest in emerging and established technologies
  - **33%** have already implemented real-time traveler information
  - **49%** are interested or are actively pursuing contactless fare payment

Other interests include automated vehicle location, scheduling software, and automatic passenger counters

## ? How can DRPT help modernize transit?

- Technical assistance/training  
*particularly for smaller or rural agencies*
- State contracts
- Grants and funding for technology and electric bus transition

### 24. Has your agency defined a goal to convert your fleet to ZEBs?

#### Existing Electric Fleets:

- DASH
- Blacksburg
- Hampton Roads

**Funding** was the top concern for integrating Zero-Emissions Transit

### 24a. If no, is your agency discussing or considering how to approach a ZEB policy?

# Transit Safety

- **Common Safety Concerns**
  - Traveling to/from facilities
  - Cleanliness of vehicles/facilities
- **Coordination with VDOT**
  - Monthly transit planning meetings
  - On an as-needed basis
  - Through the MPO

**30. Does your agency have a current and approved Public Transportation Agency Safety Plan (PTASP)?**

**32. Are there plans for any COVID-19 safety measures to continue post pandemic (select all that apply)**

● Regular Cleaning of Surfaces ● Distancing ● Mask Requirements ● Increased Air Filtration ● Other

# Transit System Engagement and Governance

- **Defining “Underserved” Communities:**
  - Poverty level
  - FTA definition
  - Transit dependent vulnerability factors
- **Successful Engagement Tools:**
  - Engaging with local housing agencies
  - Pop-Up Outreach
  - Online surveys

## 34. Does your agency have a public engagement plan?

## 37. What level of influence do disadvantaged communities have on the decision-making process?

# Next Steps

# Deliverables

***Baseline  
Conditions Memo***

***Fall 2021***

***Interim Report***

***December 2021***

***Final Report***

***Spring 2022***

**We need your help!**
